The road to becoming a Korean star *J.Y.park's efforts and achievements*

Article by: Ota Minori, Ishikawa Haruka

Intoroduction

I write about J.Y.park. He is a singer, music producer and businessman. He is 51 years old. He is from Seoul, Korea. He is called "mochigori" by many people. He is the builder of JYP entertainment and grew up to three major offices in Korea. He also produced 25 groups such as TWICE, Stray Kids, ITZY, NiziU, NMIXX. 55 songs written, composed and produced by him ranked first in major music in Korea, China and Japan.

His history

In 1992, he debuted as a singer with the group but didn't perform well. In 1994, he returned as a solo R&B singer. In 1997, he became independent from his agency and established Taehong Planning. In 2000, Taehong Planning changed its name to JYP Entertainment after his own initials.

Famous Saying

One day, he said "It is more important to have one special advantage than to have no weaknesses." It is the words he said to a female contestant at an audition who lacked self-confidence in her performance. He taught us that it is important to find and develop advantages rather than focusing on weaknesses.

Ichibata train loved by Izumo citizens

Article by: Ito Hono, Ishikawa Haruka

Ichibata Train

I want to talk about Ichibata train. Ichicata trains are local trains that runs between Matsue and Izumo. You can enjoy the beautiful scenery of Shimane while riding the train. There are few transportation facilities in Shimane, so Ichibata trains are very useful. Ichibata trains are called "bataden".

Shimanekko-go

The Shimanekko-go is named after Izumo's matchmaking tradition. It is very popular with tourists. Shimanekko is based on the image of Izumo Taisha Shrine in Izumo. There is a Shimanekko on the train. We'd like to sit next to Shimanekko.
